Application of Policy

Meerilinga's services and programs will bring alive our access and equity policy by building upon the individual talents and experiences of customers, clients and workers, recognising and responding to individuals needs and offering choice and flexibility to cater for individual's circumstances.

Access and equity will be a consideration in the development of all processes within the organisation.

All guidelines and tools developed under the umbrella of the access and equity policy must be adhered to by all workers, customers, and clients and will be monitored through the Code of Conduct and the internal audit process.
