## Implementation

The Meerilinga website [meerilinga.org.au](http://meerilinga.org.au) will provide applicants and clients with a comprehensive range of current information as outlined in the Policy Statement, this includes our obligations as a Government Registered Training Organisation (RTO) as well as our services available to learners. It is essential for enrolled learners to familiarise themselves with the content of the website, which includes access to fees and charges, the Learner Guide and e-learning resources relevant to each course.

All applicants must complete the Admission processes before enrolment acceptance, this includes:

- Enrolment Enquiry
- Application
- Prospective Learner Interview
- Enrolment

Meerilinga is committed to ensuring we have a sustainable and ecofriendly training environment and therefore, where possible we provide our enrolment and training materials in an electronic format, rather than as a printed resource. This also supports flexibility with our blended learning model for course delivery, allowing learners to save resources and assessments for review outside of class times.

The Learner Guide is available on the Meerilinga website as part of our admission process. It contains information about the rights and obligations of learners studying with Meerilinga. Learners are encouraged to read it in its entirety to ensure understanding prior to commencing the course and to contact one of our MTC Administration officers with any questions.

MTC will advise all current and prospective learners of significant changes to services offered by Meerilinga and course of action as soon as practicable. This will include but not limited to inability to proceed with a course or changes from regulators, funding bodies or training packages that may impact them directly.

## Language Literacy and Numeracy (LLN)

Applicants enrolling in a Meerilinga VET course will need to meet literacy and numeracy competence in the Australian Core Skills Framework (ACSF) in both skill areas of reading and numeracy.

Prior to acceptance of enrolment, applicants will be required to complete a Language, Literacy and Numeracy Pre-Qualification Declaration together with providing either evidence of their highest achieved academic record or undertake an approved online language, literacy and numeracy assessment.

An LLN qualified Assessor will verify the documentation provided or online assessment to determine the competency level and can refer applicants to our learning support services for additional support if required.

At all times, MTC members must abide by legislation and guidelines of LLN requirements within the VET sector.

### **Unique Student Identifier (USI)**

All applicants who commence training with Meerilinga will be asked to provide a USI for verification. This can be obtained by referring to the USI website hosted by the Australian Government Department of Industry <https://www.usi.gov.au/>. MTC can assist learners to obtain a USI with their consent.

The USI is required for Meerilinga to be able to issue or re-issue any qualification certificate or statement of attainment unless an exemption applies under the Student Identifiers Act 2014. Learners will be informed of the exemption and any conditions which apply.

Where a learner has previously attained a qualification, a copy of their USI transcript may be requested to determine competency and credit transfer for Units of Competency.

At all times, MTC members must abide by legislation and guidelines which host and support the implementation of the USI within the VET sector.

### **Recognition of Prior Learning (RPL)**

RPL is available when applying for Meerilinga courses. MTC offers applicants an 'assessment only' pathway through self-assessment, third party, competency observation and interview.

The RPL process is an assessment of evidence of pre-existing skills and/or experiences mapped against the unit elements to determine whether the applicant is competent in one or more unit.

*Refer to MTC Assessment Policy and Processes*

### **National Recognition**

To maintain the integrity and national recognition of training products, MTC accepts the certification issued by other RTOs or any authorised issuing organisation, such as a university. Verification of authenticity of the certificate will be undertaken. MTC is not obliged to issue a qualification or statement of attainment that is achieved wholly through recognition of units completed at another RTO or RTOs.

In some cases, licensing or regulatory requirements may prevent a unit being awarded through a credit transfer process. Providing credit for previous studies is recognising the equivalence of studies previously undertaken and completed successfully.

## Enrolment

Once an initial enquiry is received MTC will contact the prospective learner and forward the application form to complete and return.

An interview with the prospective learner will take place prior to enrolment to determine if the training product best suits their needs.
